Cambridge, MA 02139

Objective

My ideal role is early-stage designer on a cross-functional product team. I'm interested in creating experiences that enable positive, real-world impact: decentralization, Web 3, cryptocurrency, consumer fintech, fitness, and clean energy.

Experience

DEPT

Lead Product Designer
2021 – 2023

Lead designer for the FIFA Collect NFT project, built in conjunction with Algorand.

Vested

Design Lead
2019 – 2021

Founding employee, responsible for brand and product design at a seed stage consumer fintech startup.

Circle

Director of Design
2014 – 2018

Responsible for concept and design of two multi-platform consumer products, Circle Pay and Circle Invest. Managed the Brand and Product Design creative teams.

Brightcove

Product Designer
2005 – 2013

Early-stage hire involved in the design of the Video Cloud product suite. Founding designer of the professional services team, implementing custom solutions for customers.

Education

College of Art and Design at Lesley University

BFA Graphic Design
2002 – 2005

Maine College of Art

Graphic Design Program
1999 – 2001
